

Grade 3 – Level II Math Enrichment

Unit 9 – Division - Targets

- ☐ I can divide numbers with divisors of 0-10.
- ☐ I can explain/show using pictures, numbers, or words how I solved real world division problems.
- ☐ I can understand that division is breaking down the total into groups of equal numbers or finding how many are in each group.
- ☐ I can represent division facts in more than one of these ways (repeated subtraction, equal sharing, and forming equal groups).
- ☐ I can recognize the relationship between multiplication and division.
- ☐ I can create a division sentence to find the value of the unknown.
- ☐ I can solve number sentences that involve division basic facts and unknowns
