Red Words

1. there
2. their (shows possession)
3. they're (contraction for *they are*)

-Notes-

When you hear only one consonant sound in the middle of the word and the vowel sound is short, the middle consonant must be

doubled

The letters c and k cannot be doubled in the middle of a word.

To close in a short vowel with the /k/ sound, use

-ckle

In the special pattern -stle = /sle/ the letter t is

silent
